### **ABOUT THE GW VIRGINIA SCIENCE AND TECHNOLOGY CAMPUS**

The GW Virginia Campus, established in Loudoun County in 1991, is a robust center for innovative research, graduate education, and regional corporate partnerships. As the University's research and technology campus, it hosts a dozen centers of excellence in critical areas such as energy science and technology, transportation safety, and high performance computing. The GW Virginia Science and Technology Campus also combines its research excellence with more than 20 exceptional graduate degree and certificate programs in business, education, and engineering, and unique undergraduate programs in the health sciences.
