

GW CYBER ACADEMY

Open House & Demonstration

You're invited to an open house for the GW Cyber Academy, which provides state of the art degrees, certified training and applied research that address the nation's workforce needs in cybersecurity.

WEDNESDAY, SEPTEMBER 16, 2015

7:30 a.m. - 12 noon

Program begins at 8 a.m. and repeats at 10:15 a.m.

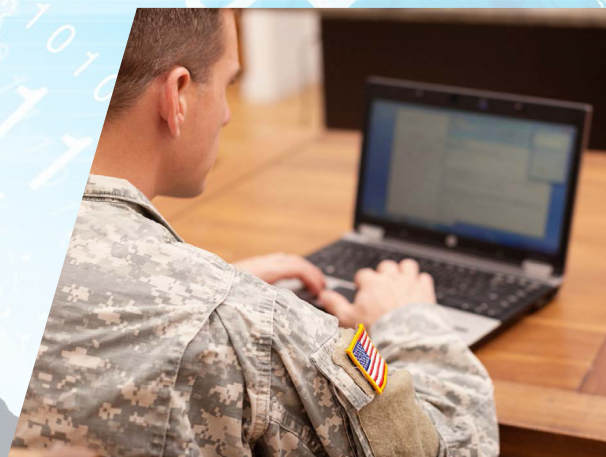

The Academy offers a "one-stop-shop" approach to government agencies, private companies and military branches that are interested in working in collaboration with academia to solve contemporary cybersecurity problems and to prepare them to address emerging and evolving threats.

During the open house, cyber experts will:

- Demonstrate a hands-on SCADA attack/defense
- Discuss a recent DISA simulation

Faculty and staff will provide information on GW's:

- Master's and bachelor's degree programs
- Cyber warfare training courses
- Customized training programs for corporate partners

GW Virginia Science & Technology Campus

Enterprise Hall • 44983 Knoll Square • Ashburn, VA 20147
